

The Centers for Medicare & Medicaid Services (CMS) is the federal agency that oversees the Medicare program. Many Medicare beneficiaries have other private group health plan (GHP) insurance in addition to their Medicare benefits. There are federal rules that determine whether Medicare or the other GHP insurance pays first.

Section 111 of the Medicare, Medicaid and SCHIP Extension Act of 2007 (MMSEA), a new federal law that became effective January 1, 2009, requires that group health insurance plans, certain claims processing third-party administrators, and certain employer self-funded/self-administered plans report specific information about Medicare beneficiaries who have other group coverage. This reporting is to assist CMS and other health insurance plans to properly coordinate payment of benefits among plans so that your claims are paid promptly and correctly.

We are asking you to answer the questions below so that we may comply with this law.
